Correctional Registered Nurse With 6 Years of Experience in Correctional Health Care

Dedicated correctional RN with experience providing medical care in high-security environments. Skilled in emergency response, chronic disease management, and patient triage. Committed to ensuring the safety and well-being of incarcerated individuals through quality health care services.

Key Skills

Emergency triage and crisis intervention

Chronic disease management (diabetes, hypertension, mental health)

Medication administration and compliance monitoring

Wound care and infection control

Coordination with correctional officers and security teams

Inmate health education and advocacy

Professional Experience

Correctional Registered Nurse

Arizona Department of Corrections, Phoenix, AZ | June 2021 - Present

- Provide medical care to an average of 40 incarcerated individuals per shift, treating acute and chronic conditions
- Perform emergency triage and crisis interventions, stabilizing patients before transport to higher-level care facilities
- Administer medications and monitor adherence to treatment plans, improving compliance rates by 30%
- Collaborate with correctional officers to ensure patient and staff safety during medical interventions

Registered Nurse – Correctional Health Services

Maricopa County Jail, Phoenix, AZ | September 2018 - June 2021

- Conducted health screenings and assessments for newly incarcerated individuals, identifying and managing chronic health conditions
- Provided wound care and infection control, reducing the incidence of communicable diseases by 20%
- Assisted in mental health interventions for inmates experiencing psychiatric crises, coordinating with behavioral health professionals
- Implemented a health education program for inmates, increasing awareness of disease prevention and personal hygiene

Education

Bachelor of Science in Nursing (BSN)

Arizona State University, Phoenix, AZ | May 2018

Certifications

- Certified Correctional Health Professional (CCHP), National Commission on Correctional Health Care | July 2018
